Please Note:

(1) The *language* of the Inventory and Questionnaire (*English, Spanish, French*) to be used will be determined by:

- availability of the questionnaire
- the language used for the Consent/Assent process, as applicable

(2) *English language:*

- Parents-Guardians of Participants age 5-17 years, at US Institutions, will complete the standard Conditions and Problems [CHSS Data Center] questionnaire [which is English (Canada)] and Participants/Parents-Guardians will complete the standard PedsQL™ (English) questionnaires [which are English (United States)].
- Parents-Guardians of Participants age 5-17 years, at Canadian Institutions, will complete the standard Conditions and Problems [CHSS Data Center] questionnaire [which is English (Canada)] and the Participants/Parents-Guardians will complete the standard PedsQL™ English (Canada) version, if available; otherwise, the standard PedsQL™ (English) questionnaires will be used [which are English (United States)].
